# How to get around on the islands?

On the island of Tahiti, modern buses and taxis are available for those who don't have a car. A car, a four-wheel drive vehicle or even a scooter can be rented in one of the numerous agencies. In the Society Archipelago, "trucks" (picturesque buses with wooden passenger cabins) serve the different towns. Finally, depending on the island you're on, if you want to discover our hidden paradises you can always go out for a ride on a bike or on a horse! On some islands, taxi boats for lagoon transfers are also available to go to motus (islets) where you can find accomodation (like in the Tuamotu) or to the airport (like on Bora Bora).
